

*Graduate Program in Physics:  
State-of-the-Art Research  
in a World-Class Institution*

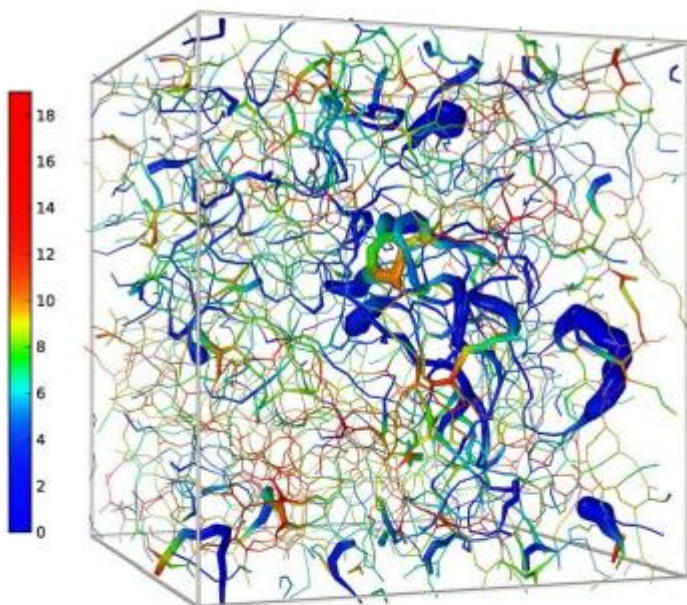

**GEORGETOWN UNIVERSITY**  
*Department of Physics*

Visit us at <http://physics.georgetown.edu/>

**Applications due January 1, 2018**

Apply now at: <http://grad.georgetown.edu/admissions/>

### Tailored to Your Career Goals

- *Industrial Leadership in Physics Track:*  
Physics Coursework Supplemented with Business Classes, an Apprenticeship and Thesis Research
- *Standard Track:*  
Advanced Physics Coursework and Thesis Research

### Proven Prospects

Alumni employed at Areté Associates, Booz Allen Hamilton, Exabeam, Intel, Johns Hopkins Applied Physics Lab, Lockheed Martin, Logos Technologies, Max Planck Institute, National Institutes of Health, Naval Research Laboratory, University of Maryland and many others!

### State-of-the-Art Facilities

- *Institute for Soft Matter Synthesis and Metrology*
- *Georgetown Nanoscience and Microtechnology Lab*

### Focused Research

- Biological and Biomedical Physics
- Hard and Soft Condensed Matter
- Micro and Nano Technologies
- Optics and Imaging
- Statistical and Computational Physics
- Ultracold Gases and Quantum Information
